I started two of my horses on PowerStance April 2011. The last 5 months, I have notice an immense change in my horses' appearance, performance & overall attitude.

I was having some ulcer issues with my Derby horse, he loves PowerStance, he bucks & kicks & just feels good on it. My older, rodeo horse has been running great on it. In the last 3 months, I have placed anywhere I've been.

Everyone that sees my horses wants to know what they are on because they look so great! The only supplement I feed is PowerStance! Coconut Oil is the key, I love my horses' glowing coat & I know they love feeling so good.
